

## Assignment - Basic VI and CLI

The screenshot shows a terminal window with a dark background. The title bar at the top reads "zelan@csds344: ~ — vi todos.txt". The terminal content displays a list of three tasks, each preceded by a number in a different color: a red "1" for "Cook dinner", a green "2" for "Finish CSDS 344 Homework", and a blue "3" for "Watch Amelie". The cursor is positioned at the end of the third line. On the left side of the terminal, there is a vertical column of ten tilde (~) characters. At the bottom left, the command ":set number" is entered.

```
zelan@csds344: ~ — vi todos.txt
